

How to Apply

Ensure you have read the artist's brief prior to submitting an application.

Using no more than half a side of A4, please detail any suggestions for workshops you may have which fit the brief and any relevant experience you have in community facilitation. Be sure to include a list of materials needed for the workshop/s.

Send these to creative.communities@swarthmore.org.uk

You must also complete the Artists Expression of Interest.

Please note - if you are successful in getting to the next stage, you will be invited to Swarthmore for an informal chat with the project co-ordinator, where any initial workshop ideas can be explored further.
