

Study Programme Poem

Poem composed by a former Study Programme student.

All the fun that I was missing, all the happiness that was needed by my heart.

All the pain that was inside me, all the loneliness that was tearing me apart.

When in Swarthmore I found such wonderful friends. Amy, Callum.

The love of all your friendship has changed my life in such a way.

I may have written hundreds of poems about it, but I know I still wont be able to say.

The tree of our friendship has become so strong past few years.

No one can break it down cos we'll all stand together forever.

These seven years have passed in the blink of an eye.

It seems like yesterday that I joined here, but it has come time to say goodbye.

All my friends, all those memories are deeply rooted in my heart.

The time that I have spent here has been like a beautiful creation of art.

All those gossips, all the jokes, all those things will be just now a memory.

All the memories will be with me like the bunch of leaves growing in the trees.

All moves together with the flow of the wind, that are linked so close to each other.

Enjoying the rain, sunshine, facing strong wind but we will always be together forever.

Good luck everyone. Goodbye

Look forward to the future.

My loving people. Will miss you all.
